

ANGELA HAMMOND BIO:

As a front end development manager for Shell, Angela does more than manage. With more than sixteen years of experience as a production geologist and development planner, she strives to inspire and develop others. She has worked closely with partners and co-owners, development managers and vice presidents on balancing risk and value tradeoffs, competitively scoping developments, integration, and strategy initiatives. She has enjoyed and had fun working on numerous Deepwater projects (and one unconventional EOR project) over the years from exploration through to first oil. She sees herself as a student of leadership, always working to better herself and others. Angela has been a member of HGS for 16 years, a Trustee on the Undergraduate Student Scholarship Committee for 5 years, is a current member of AAPG, SEG, and a past co-editor of the GCAGS. She has also been the treasurer for her daughters Girl Scout troop for the past 3 years.
